Garmin Reports Record First Quarter 2003

CAYMAN ISLANDS, April 30, 2003/PRNewswire/—Garmin Ltd. (Nasdaq: GRMN news) today announced record revenue and earnings for its first fiscal quarter ended March 29, 2003. Revenue for the quarter increased 23 percent to \$123.8 million from \$100.9 million in the year-ago quarter. Net income increased to \$41.5 million, or \$0.38 diluted earnings per share, compared to \$26.8 million or \$0.25 diluted earnings per share in the year-ago quarter. First quarter net income included a \$0.8 million foreign currency loss as a result of a weaker U.S. dollar compared to the Taiwan dollar. The diluted EPS of \$0.38 recorded for the first quarter of 2003 exceeded company guidance of \$0.29 to \$0.32. Excluding the effects of foreign currency, diluted EPS for the quarter was \$0.39 compared to \$0.25 in the year-ago quarter.

We are pleased to announce another quarter of solid growth. Overall demand for our products continues to expand, said Dr. Min Kao, CEO and Co-Chairman of Garmin Ltd. Our consumer segment recorded a 28 percent increase in revenues during this quarter when compared to the first quarter of 2002, and all of our consumer product lines continue to grow. Our aviation segment was also strong this quarter, posting a 9% growth in revenue over the year ago quarter.

We also experienced a 56 percent growth in EPS when excluding the effects of foreign currency from the prior year quarter, Dr. Kao continued. We are pleased that consumers are becoming more aware of the usefulness of GPS navigation. As a result, we have experienced growth in our core markets, as well as our emerging automotive product line, as we look forward to bringing fully-integrated GPS navigation to the PDA market in the coming months. We are also anticipating future opportunities our new integrated cockpit will provide, and are delighted to have been chosen to provide the avionics for the new Cessna Mustang business jet, which is due out in 2006, and the Diamond Aircraft DA42 turbo-diesel twin engine aircraft which is due out in 2004.

Consumer revenue for the first quarter totaled \$95.3 million—a 28 percent growth compared to the first quarter of 2002. Aviation revenue totaled \$28.5 million—a 9 percent increase compared to the year-ago quarter. Total units sold for the quarter increased to 446,000 from 313,000

representing an increase of 43 percent.

Revenue increased across all geographic regions during the first quarter of fiscal 2003 when compared to the year-ago quarter:

North America revenue was \$85.3 million compared to \$73.1 million, up 17 percent.

Europe revenue was \$33.5 million compared to \$23.7 million, up 41 percent.

Asia revenue was \$5.0 million compared to \$4.1 million, up 22 percent.

We are pleased with our financial performance during the first quarter, said Kevin Rauckman, chief financial officer of Garmin Ltd. Our consumer segment has now achieved six consecutive quarters of year-over-year revenue growth in excess of twenty percent. Gross margins improved significantly to 60.3 percent when compared to 54.0 percent in the prior year's first quarter, driven primarily by product mix, improved manufacturing productivity and efficiencies, and the overall benefits that come from our strategy of vertical integration. We also generated \$37.7 million of free cash flow for the quarter resulting in a cash and marketable securities balance of \$500.5 million at the end of the first quarter.

Second Quarter and Fiscal Year 2003 Outlook

The company estimates that its diluted EPS for the second fiscal quarter of 2003, excluding effects for foreign currency, will be in the range of \$0.40 to \$0.43 on revenues between \$138 million and \$143 million.

Fiscal year 2003 revenue guidance remains \$515 million to \$540 million, and diluted EPS for the year, excluding effects of foreign currency, will be raised to a range of \$1.54 to \$1.60.
